

▼ **INGREDIENTS**

Supplement Facts	
Serving Size: 2 capsules	
Amount Per Serving	% Daily Value
Vitamin E.....	1.2 IU 4%
Vitamin C (Magnesium Ascorbate) ...	2 mg 3%
Proprietary Blend.....	890 mg *
Mountain Mahogany (Lf)	
Celandine (Hb)	
RNA/DNA Liver Tissue Factors	
Spearment (Lf)	
Cod Liver Oil (Fish)	
Ragweed (Hb)	
Quince (Seed)	
Yeast	
Goldenseal (Rt)	
Boldo (Lf)	

* Daily Value is not established.
Other Ingredients: Gelatin and Leucine

▼ **DOSAGE**

- 1-2 capsules, twice a day, for 1-6 months, or as directed.
- Concentrated extract, CXL (Liver), 3-5 drops, twice a day.

▼ **PACKAGING**

- 60 capsules/eco-bottle.
- Concentrated extract, CXL (Liver), 1/2 oz. glass bottle with dropper.

▼ **PERSPECTIVE**

Doc Wheelwright used to say, "Good morning, how is your liver?" Pablo Neruda wrote, "Ode To The Liver" heralding its crucial importance to the human life experience, "do not arrest my song," and the ancient Chinese revered the liver as the "seat of the soul" and the "general" of the body's organizational hierarchy. The liver is foundational to the body's self regulatory mechanisms and liver health is directly integrated into lifespan.

▼ **LIFESTYLE**

#60 L (Liver)
#2060 CXL (Liver)

Support for the body's biochemical factory. This formula provides herbal and bioenergetic nutrition to support the liver's normal tissue processes, inclusive with gall bladder support. Doc Wheelwright's research focused on key operational liver functions-erythrocyte decomposition, free radical utilization, glycogen production, protein synthesis, microbe destruction, humanization of amino acids, and bile secretion-and the challenges of modern lifestyles. He maintained that the liver is the most important organ and its health directly impacts a persons quality of life. This is the preeminent liver reinforcement formula that provides nutrients used in building & maintenance of the liver's cells and tissues. It assists with normal digestive/humanization activities.

▼ **INDICATIONS**

- Liver function and tissue support (building, sustaining)
- Abdominal health, region of liver
- Gall Bladder support (with Lb)
- Drainage during purification programs
- "Build to Cleanse." Build the liver and the liver can conduct its myriad functions.

▼ **KEY COMPONENTS**

- **Boldo** – *Peumus boldus*. From the South American (Chilean) herbal tradition, used as a liver and gall bladder tonic. Contains potent antioxidants.
- **Celandine** – *Chelidonium majus*. Supports liver's normal bile-making faculties.
- **Goldenseal** – Traditional liver support herb. Supports normal microbial relations, helps natural lipid management and bile processes.
- **Mountain Mahogany** – A hepatoprotective, liver supporting botanical Native American herb. Traditional uses included the springtime cutting of the bark into strips and eating it like vermicelli. .
- **Ragweed** (*Ambrosia artimisiifolia*. Whole plant, not the pollen) – Research points to ragweed supporting innate microbial and parasite relations and support for the normal blood and normal liver purification processes including radioactive elements.
- **Quince** – *Cydonia oblonga*. Traditional liver tonic. Antiseptic. Purifier. Features tannins that bind and neutralize xenobiotic chemicals. Supports normal microbiome and microvirome relations and provides nascent minerals necessary for normal liver function.
- **RNA/DNA Liver Factors** – Specific support for the liver's cellular identity and tissue integrity. Provides organized amino acids, peptides, and nucleoprotein structures.

▼ **CONTRAINDICATIONS**

None known. While containing a number of therapeutic botanicals, Doc Wheelwright taught that combined herbal formula nutrients work synergistically deriving the most benefit from small amounts of ingredients that enhance and support each other to gain beneficial impact.

▼ **CLINICIAN CONSENSUS**

- Liver Strengthening/Support Program:
#60 L - Liver
#433 GCEL - Intracellular Glutathione
#62 Ls - Livers
#875 Synulin - Glycemic Balance

▼ **BACKGROUND**

Doc Wheelwright was an established master of the liver. He traveled around the globe in search of the botanicals that would hasten the body to correct liver concerns. Thus he spent much time in China, South America, and with Native Americans in his quest to master the liver. His discovery of seven botanicals [three of which are in the L (Liver) formula, with the other four being in the Ls (Liver-s) formula] lead to his famous "healing triad" concept. He designed this formula as a builder, (anabolic process supportive) based on the premise that if the liver was supported then it could automatically function better in its myriad roles of metabolic, immunological, and purification support of overall health.

▼ **SYNERGISTIC CONSIDERATIONS**

- #62 Ls - Livers
- #61 Lb - Liver/Gallbladder
- #102 ACX - Vitamin Detox
- #875 Synulin - Glycemic Balance
- #620/#625/#630 Metabo-Shake - Glycemic Control
- #850 MoRS - Methylation Donor
- #820 EPIC - Metabolic Antioxidant NO/ONOO
- #433 GCEL - Intracellular Glutathione
- #780/#2780 Wood Tonify - Tonify Blood
- #785/ #2785 Wood Sedate - Mediate Harmony
- #870/871, #872 Spectra One & Two -Whole Food Cell Multi Vit/Min/Oil
- #129/#199 VitD3 - Vitamins D3/K2
